JULIAN CHICHESTER

JULIAN CHICHESTER

Creator of timeless furniture

Julian Chichester is primarily an individualist — a tastemaker rather than a follower — whose creative inspiration comes from classic English furniture-making, coupled with an admiration for innovation, and informed by a life of travel and immersion in the arts.

Julian Chichester reinvents traditional forms to create modern masterpieces — new originals with historical provenance — with unique materials, artisan finishes and a modern English sensibility.

JULIAN CHICHESTER

design, adapt... customise

Quite often, Julian Chichester furniture ticks every box: Our off-the-peg styles, sizes and interesting standard options suit your design plan – perfectly. But what if you desire a non-standard finish, custom dimension or something even more specific for your project? Don't despair. We take this sort of bespoke custom work easily in stride. Our in-house design team and fabrication capacity often exceed expectation, from initial inspiration to final execution. We relish achieving unusual results. It's an exciting, innovative and rewarding process.

finishing comes first

We offer a wide range of Metal Clad, Solid and Veneered Wood or Faux Shagreen finishes and can also provide other artisan-crafted options, such as Leather, Brass, Bronze, Mirror, High Gloss Vellum or Antique Gesso. Such specialist finishes will have natural variations in colour and appearance which are an integral part of their attraction, and may vary between different production batches.

IMAGERY

Surface finishes can appear very different in published images, due to reflective surfaces, their surroundings, and lighting conditions. Images are for guidance only.

HAND-APPLIED
AND NATURAL FINISHES
Brass, Bronze, Nickel, Gesso,
Églomisé and Mirror are all hand
applied finishes, Vellum and Leather
are natural products, so there will be
subtle variations in finish, surface
pattern and colour due to their nature
and application process. These are
NOT faults or imperfections, just their
character and patina.
